This is a project based learning course that focuses on stressing the application of knowledge in real world situations. The content of the course is integrated physical, earth and life science with the focus being life science content. The course is based on the Next Generation Science Standards (NGSS) and is aligned to NM Science Standards.

**COURSE
OVERVIEW**

1 st 9 weeks	2 nd weeks	3 rd nine weeks	4 th nine weeks
<ul style="list-style-type: none">• Earth's Systems• Matter and Energy in Organisms and Ecosystems	<ul style="list-style-type: none">• Natural Selection and Adaptations• Structure, Function, and Information Processing	<ul style="list-style-type: none">• Structure, Function, and Information Processing• Growth, Development, and Reproduction of Organisms	<ul style="list-style-type: none">• Structure and Properties of Matter• Engineering Design Project

Science Classroom Expectations

- 1.) Be Respectful
 - Respect yourself
 - Respect others (including ideas and belongings)
 - Respect our school equipment
- 2.) Be Responsible
 - Complete assignments and homework
 - Take care of books and materials
 - Be a contributing group member
- 3.) Be Ready to Learn
 - Bring books, needed supplies, and homework
 - Be in your seat, ready to work when the bell rings
 - Listen, participate, and do your best work
- 4.) Be safe
 - Follow lab instructions
 - Use equipment carefully
 - Clean up and return all materials and equipment
 - No **food** or **drink** (besides water) allowed in class at any time

Homework

Students can expect homework, ranging from twenty minutes to an hour, depending upon the day and activity. Students are expected to write down their homework into their agendas. Homework will always be posted on the white board.

*Please see attached sheet in regards to **remind** sign up.

Supplies

- 2 folders with pockets and brads
- **1-100 page Spiral Notebook** (college ruled)
- Pencils and pens (duh!) ☺
- Lined paper (college ruled)
- Tissue would be much appreciated
- A flash drive would also be a good idea
- Colored pencils/markers for labs and projects

*If you are unable to obtain these supplies please let me know and we will work together to get them.
